

# Notice on the Deep Reconstruction of Boogon Reception Room Docs

Boogon

In accordance with the long-term development plan of Boogon Reception Room, and to comprehensively enhance user experience, optimize service performance, and better align with future technological evolution, we are pleased to announce the initiation of a full-scale, in-depth reconstruction of the documentation site, scheduled to commence in September 2025. This overhaul will involve systematic improvements across technical architecture, functional modules, and user interface interactions. Below are the key details:

## Key Changes

### 1. Technical Architecture Updates

- **Rendering Engine Migration:** Transition to the Hugo/Hextra framework to rebuild the frontend interaction system;
- **Performance Optimization:** Integration of CDN and other acceleration services to significantly improve page loading speed and reduce latency issues across regions;
- **Enhanced Security:** Strengthened security measures to ensure service stability and reliability.

### 2. Functional Module Adjustments

- **Documentation Restructuring:** Consolidate all technical documentation into a unified **Dev Docs** module for improved modular management;
- **New Comment System:** Official rollout of a request and feedback system powered by **GitHub Discussions**, with initial trial availability on select pages.

### 3. User Experience Improvements

- **Simplified Routing Structure**Streamline complex URL hierarchies to make content discovery more intuitive and efficient;
- **Upgraded Links Display**Redesigned Friendlinks page for clearer presentation of affiliated organizations and collaborators.

## Impact Notice

### 1. Service Interruption Period

From August 27, 2025 to September 11, 2025 (tentative), the site will enter the reconstruction phase. During this time, access may be unstable or temporarily unavailable.

## 2. Emergency Contact

For urgent inquiries, please reach out via [email](#).

## 3. Compatibility Note

We recommend using modern browsers such as Chrome, Firefox, Safari, or Edge. Mobile layouts will also be optimized for better responsiveness.

This reconstruction marks the most comprehensive upgrade since the inception of the Boogon Reception Room Docs. While we acknowledge the temporary inconvenience this may cause, we believe it is a necessary step toward long-term service enhancement and value creation. Thank you for your continued support and understanding.
